RELEVANT EXPERIENCE.

Personal Experience

As we own a book store in my hometown I had lot of experiencing in budgeting, shelf-stocking and responding politely to the service needed for the customers.

ACADEMIC PROJECTS

- **Title: QUATERNARY ADDER DESIGN USING VERILOG**
- **Language of Implementation:** Verilog
- **Description:**

In general when arithmetic operations are performed using binary adder there is a chance to generate a carry. But using Quaternary Adder we can eliminate carry. The storage space required to store is also less. We can reduce delay.
